World Harvest Bible College Certificate Programs

World Harvest Bible College awards the following Certificate Programs for 19 hours of college work: Christian Worker Certificate; Christian Education Certificate; Christian Caregiving Certificate; Christian Mission Certificate; Biblical Studies Certificate; and General Theological Studies Certificate. Courses are 3 credit hours with each certificate requiring at least 1 credit of practicum church work.

Associate of Arts in Christian Ministry Degrees

The Associate of Arts in Christian Ministry degrees are awarded to students who complete 60 credit hours of course work. World Harvest Bible College accepts all the credits from our certificate programs into the Associate of Arts.

Bachelor of Arts in Christian Ministry Degrees

The Bachelor of Arts in Christian Ministry degrees are awarded to students who complete 120 credit hours of course work. World Harvest Bible College accepts all the credits from our certificate programs and the Associate of Arts program into a BA.

Admissions

To be considered for admission into World Harvest Bible College, the candidate must submit: 1) proof of prior learning, (high school transcript, GED, or a transcript from another institution of higher learning); 2) a completed application with \$25 non-refundable application fee; 3) a personal reference from a pastor or other church leader; 4) an essay telling your testimony, and 5) complete a placement examination administered by the college.

Candidates unable to present either a high school transcript or GED certification, Ability-To-Benefit testing (ATB) is available to assess the candidate's ability to achieve success in college. A passing score on the ATB will fulfill the admissions requirement of prior learning. The admissions process needs to be complete with the exception of proof of previous learning in order to schedule the test.

Admission is contingent upon evaluation of all application materials and approval of an admissions committee. Application does not guarantee admissions into World Harvest Bible College.

Transfer Credits from Other Qualified Schools

World Harvest Bible College accepts a transfer of credit hours previously earned at other institutions of higher learning. The following criteria will be used to determine any transfer of credit hours:

Transfers can only be accepted from other accredited schools of higher learning.

An official transcript must be received by WHBC for evaluation.

A course syllabus or school catalog must be supplied in order to determine the content of any course. Course titles do not necessarily mean similar content to WHBC courses.

Only courses where a "C" or better was earned may transfer.

World Harvest Bible College has a 25% residency requirement. Any certificate, diploma, or degree earned at World Harvest Bible College must have at least 25% of the credit hours earned at WHBC. For example, a student working on the Bachelor of Arts degree transfers in 100 credit hours of previous work from a qualified institution of higher

learning. Since the BA requires 120 credit hours, that student must earn 30 more credit hours of courses at WHBC in order to receive the degree.

Tuition Payment

World Harvest Bible College offers the following monthly payment programs for students:

1) Students who commit to classes one semester at a time may make payments on their bill in three equal amounts. No interest is accrued for this financial arrangement. Payments are made monthly during the semester. All administrative fees must be paid upon registration, including Activity/ Technology fees and Bible Institute fees. The entire bill for the semester must be paid in full in order to register for the following semester.

2) Students committing to a degree, whether undergraduate or graduate, may select to make monthly payments toward their degree. No interest is accrued for this financial arrangement. All administrative fees must be paid at the beginning of each semester. An initial payment of \$750 must be made to begin the program. 100% of this initial payment applies ahead to tuition. Payments are made monthly, including the summer months or at times when the student is not attending classes. Payments are calculated by taking the total tuition charge for the desired degree and dividing it by the number of months to accomplish the course work. For example, a Bachelor of Arts in Ministry would take 4 years, or 48 months to complete. The monthly payment would equal 120 credit hours times the current hourly rate divided by 48.

3) Failure to maintain any payment program can result in expulsion from the school; there are no refunds of any payments made, regardless of accrued class time. A 10 day grace period is in effect for all payment programs. Under circumstances of unforeseen challenges and hardships, it is the student's responsibility to communicate with the registrar. World Harvest Bible College is a Christian institution of higher learning and our interest is the education of our students. Given the opportunity, WHBC desires to work with students and not expulsion. The College accepts cash, check, and credit cards for payments. A \$15.00 late fee will be added for payments not received on time. Students who are more than ten days late on any payment will not be allowed to continue their studies. There is a \$40.00 returned check fee for each dishonored check. WHBC accepts all major credit cards.

No student will be graduated until all tuition, fees, and other charges are paid in full. No transcripts may be issued to any student with unpaid balances.

Students that have the funds available may pay for a degree program in a lump sum. World Harvest Bible College offers a 10% discount from the total for a payment in full. This discount only applies to students making a new commitment to a degree program, whether undergraduate or graduate.

Refund Policies

Only tuition is refundable in the current term; other listed fees are not refundable. The tuition refund policy is as follows:

During drop / add period, first 2 weeks of class.....	100%
During the third week of class	50%
After the third week of class	no refund

Students who have entered a payment program and consequently withdraw from the school will receive a refund of any funds collected in excess of their courses already taken and according to the stated refund policy.

Note to Students Receiving Veteran's Administration Benefits:

Only students enrolled in the Bachelor of Arts in Christian Ministry are eligible for VA benefits. A refund of the unused portion of tuition, fees, and other charges will be made to the veteran or eligible persons who fail to enter or fail to complete the course as required by the Veteran's Administration regulations. The refund will be within 10% of an exact pro-rata refund. No more than \$10.00 of the established registration fee will be retained if a veteran or eligible person fails to enter the course.

The code states that the exact proration will be determined on the ratio of the number of days of instruction completed by the student to the total number of instructional days in the course. No VA student will be required to go on a trip or perform practicum as a part of the AA or BA degree.

This policy will change upon accreditation of the school. The State Approving agency will be notified accordingly.

Academic Counseling

Students are counseled privately by the instructor of the class when necessary. The Director is also available for academic counseling when requested by either the student or the instructor. Any student below a C average will be called for academic counseling. Instructors are available at their schedules for any assistance needed for understanding the course materials. World Harvest Bible College is pro-active in helping students achieve their best possible experience with all course work.

Attendance Policy

Due to accreditation standards, World Harvest Bible College tracks attendance in all classes, as class time is an element of credit. A maximum of two absences per class, per semester are permitted. The absences may be either excused (does not affect grade) or unexcused (affects grade). Any variance from this standard must be requested from the Director. Students should make every effort to attend class for the best education experience. When unforeseen circumstances arise, students should communicate with their instructor as soon as possible.

Student File Access Policy

Students have access to their grades, instructor notes, and disciplinary actions in their files while they are students. Applications, transcripts, and references are not available to anyone outside of the Registrar's office, including students.
